

IT Hub Inc. is an SBA certified 8(a), Economically Disadvantaged Women-owned Small Business (EDWOSB), HUBZone, as well as GSA Multi Award Schedule (54151S , 518210C, 54151HACS) certified company providing IT services in the areas of Cloud, Infrastructure Engineering & Operations, Application Development & Maintenance, CyberSecurity, Data Analytics, Network Engineering & Operations, Artificial Intelligence / Machine Learning (AI/ML) & Robotic Process Automation services to U.S. Government Customers.

CAPABILITIES

Cloud Infrastructure

- Cloud Assessment
- Cloud Roadmap
- Cloud Governance
- Cloud Landing Zone
- Multi Cloud
- Data Center Migration
- High Performance Computing With GPU's

Enterprise Architecture / Program Management

- CMMI Process
- Usability Design
- Project/ PMO Support
- Service Oriented Architecture
- ISO Processes
- Training & Certification

Software Development / AI ML

- Legacy System Moderation
- Mobile Development
- Containerization
- ISO Processes
- Agile, SaFe, ASF methodologies
- AI ML

Security / Automation / DevSecOps

- Data Warehousing
- Data Security
- Data Encryption
- Database Management & Optimization
- Business Intelligence & Reporting

Big Data / Data Warehouse / BI

- Cybersecurity Risk Management Framework
- Software Assurance (Secure Coding)
- SecDevOps & Test Automation
- Cyber Assessments

COMPANY INFORMATION

UEI: ESLXH759L8C1

CAGE CODE: 71FP7

NAICS CODES:

- 541511 Custom Computer Programming Services**
- 541512 Computer Systems Design Service**
- 541513 Computer Facilities Management Services**
- 541519 Other Computer-Related Services**
- 541611 Administrative Management and General Management Consulting Services**
- 541612 Human Resources Consulting Services**
- 541613 Marketing Consulting Services**
- 541614 Process, Physical Distribution, and Logistics Consulting Services**
- 541618 Other Management Consulting Services**
- 518210 Computing Infrastructure Providers, Data Processing, Web Hosting, and Related Services**
- 541430 Graphic Design Services**
- 541690 Other Scientific and Technical Consulting Services**
- 541990 All Other Professional, Scientific & Technical Services**
- 561110 Office Administrative Services**

KEY DIFFERENTIATORS

- Successfully established redundant 10GB network paths between NSF's data center and the cloud co-location facility, ensuring high availability and seamless connectivity.
- Saved 23% of monthly AWS Compute Cost by converting OnDemand Sybase EC2 instances to reserved instances as part of Cost Optimization.
- Implemented a uniform tagging and labeling system for all cloud resources, enabling precise cost attribution to projects, teams, or departments, promoting accountability and improved cost allocation.
- Modernized 95+ IT systems that support Customs and Border Patrol agents.
- Established dynamic, real-time cost monitoring dashboards through cloud-native tools or third-party solutions and empowered stakeholders with instant visibility into spending, trends, and anomalies, facilitating effective cost tracking and prompt decision-making.
- Automated scaling and scheduling of resources based on workload demand result in substantial cost savings by eliminating manual intervention and reducing operational overhead
- Maximized cost savings by evaluating and leveraging options such as AWS Reserved Instances or Azure Savings Plans for long-term cloud resource usage.
